Minimum requirements for VLEs

ICAEW has undertaken a review of how we work with our Partners in Learning (PiLs) and the way in which you are permitted to use the ICAEW Learning Materials, Partner in Learning logo and other online resources.

From this, and as stated within the Terms and Conditions, we ask that the following minimum requirements are met if you wish to have any ICAEW Learning Materials accessible to Students via a Virtual Learning Environment (VLE).

Partners in Learning must have a current and up to date:
- IT Security policy; and
- Data protection policy

ICAEW reserves the right to inspect the above policies from time to time.
