What To Say!

1: Your name

2: The name of your company

3: How long you have been in business

4: A brief description of product or service

5: What you are looking for from the meeting

*'Good morning everybody. My name is Paul Ryan.
I run a business called Improve On You.
I teach people to speak at their best when they most often speak at their worst.
I specialise in presentation training and having worked as an associate trainer
took the plunge and set myself up as an independent about a year ago.
And I've come here today to ask for your help.
I have the skill set and the experience but I have no clue as to how to market
myself so I'm really asking if there is anyone here who would be happy to offer
me any guidance I'd be most grateful. Thank you'.*
