## Assessment against endorsement criteria

Our draft assessment [tentatively] concludes that:

- i. the Amendments meet the criteria of relevance, reliability, understandability and comparability required of the financial information needed for making economic decisions and assessing the stewardship of management, as required by SI 2019/685 (see Regulation 7(1)(c));
- ii. application of the Amendments is not contrary to the principle that an entity's accounts must give a true and fair view as required by SI 2019/685 (see Regulation 7(1)(a)); and
- iii. that the Amendments are likely to be conducive to the long term public good in the UK as required by SI 2019/685 (see Regulation 7(1)(b)), having considered:
  - whether they will generally improve the quality of financial reporting;
  - the costs and benefits that are likely to result from their use; and
  - whether they are likely to have an adverse effect on the economy of the UK, including on economic growth.

Our assessment of the Amendments is set out in **Section 2** of the DECA.
