Building the Report

What should a board pack contain?

Is a Trail Balance sufficient?

Financial report - Rear view mirror or SatNav?

Or

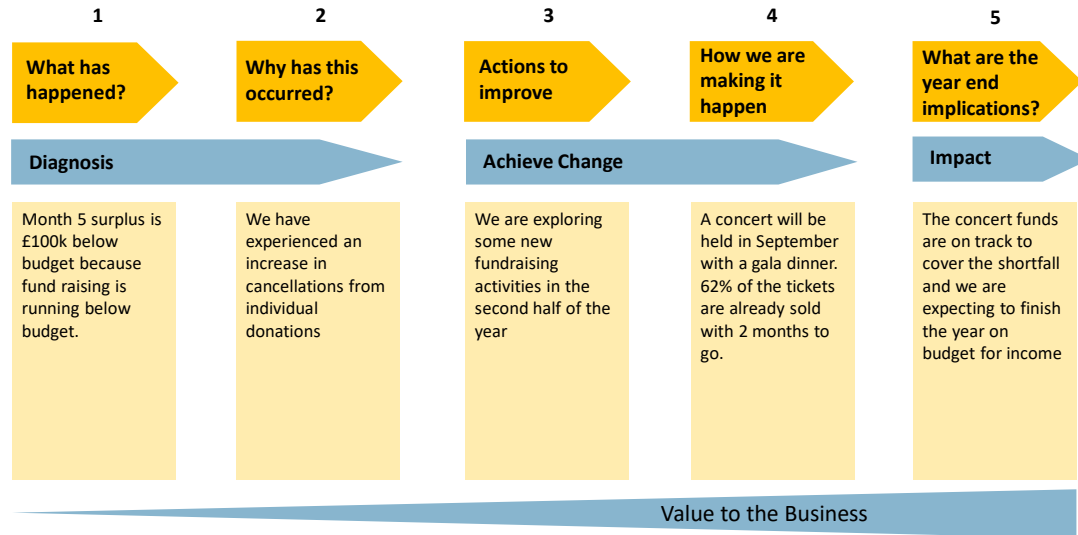

- What we did
- Why we did it
- What happened
- What we gained or lost getting to now

FACT

- Where are we going?
- What is our best option?
- What needs to be done along the way?
- What are the estimates for the finishing point?

JUDGEMENT

Added value commentary

What should a board pack contain?

Management Accounts - August 2024

Essential Information

Income below target with turnaround plan	We are £30k below a budget of £880k, we have lost 126 supporters in the first half of the year. We have a Choral concert planned for September to make up the shortfall to bring us back on track. We have two supporter events planned before Christmas to recruit new donors.
Costs under budget with two vacancies	Costs are 12k under spent due to the delay in recruiting two care staff. Adverts in July have yielded a weak candidate response and we have a paper going to the People Committee in September to consider raising the remuneration offered by 8% to match comparable roles in the vicinity. The delay in recruitment will yield a higher surplus, unless we need to deploy agency staff at their premium rates.
Patients catching up with plan by November	The new contract with the Local Authority was delayed from March to July due to their funding shortfall. We are currently 8 patients behind plan with a further 10 expected by the end of October bringing us up to plan.

Key Numbers

	Year to August (8 Months)			Full Year		
	Actual	Budget	Variance	Forecast	Budget	Variance
Income £,000	850	880	(30) ●	1,395	1,405	(10) ●
Surplus £,000	33	51	(18) ●	81	75	6 ●
Cash £,000	211	190	21 ●	231	200	31 ●
Patients No.	98	105	(7) ●	108	110	(2) ●

Decisions Required

Pay rates	Consider the 8% pay rise for care staff to match other local roles. It will cost us £42k in a full year for all 16 staff of similar grades.
------------------	---

Landscape helps with columns on later pages

Use **Tables** – headlines on left, detail on right

Key numbers – align to KPIs

Note the important decisions to be made
