

Finance for the Future CFO of the Year

Nominate via email using the form below

This award recognises Chief Financial Officers who are leading the profession. The award is via nomination only.

Do you know a CFO who has the following qualities?

- **Strategic Leadership:** They have demonstrated vision and leadership, driving the financial success and sustainability initiatives of their organization.
- **Integrated Thinking:** They have successfully integrated sustainability principles into their financial strategies and decision-making processes, contributing to positive environmental and social outcomes supported by robust governance structures.
- **Stakeholder Engagement:** They have effectively engaged with and influenced stakeholders, including investors, employees, customers, supply chain and communities, in a proactive and positive manner to promote transparency, accountability, and trust.
- **Innovation and Adaptability:** They have embraced innovation and adaptability, leveraging technology, data analytics, and emerging trends to drive innovation and navigate complex challenges in the finance landscape to underpin integrated thinking.
- **Culture:** They have been essential to aligning their organisation's culture and values with its integrated approach.

If you know someone who fits the majority of this description and deserves recognition, we encourage you to nominate them for the CFO of the Year Award.
